

Spa

*On the table...*

**Comfortel's Capricorn Spa Table** is designed with day spas in mind, as it's made from sleek dark wood and is highly practical. The table is available in Chocolate Brown, with a matching wood frame. It looks professional and stylish and is fully height adjustable. With an adjustable back and padded arm rests, clients are always comfortable. The Capricorn also features two handy drawers underneath, for neatly storing equipment and accessories.

## SPA TREATMENT

*Towel order...*

**Salon Smart** has added a new white colour to its **So Soft microfibre towels range**. The microfibre is six times more durable and absorbs four times more water than cotton towels. Fewer towels means less washing. The chemical-resistant towels won't lose their shape, even after constant machine washes, and microfibre dries in half the time, saving on energy bills. The towels measure 40cm x 73cm and are also available in black, chocolate, evergreen, pink and aqua in packs of ten.

*Journey to purity...*

**Skeyndor Spa Senses Detox Ritual** mixes intoxicating spices and the properties of wild rose, poppies and ylang ylang, green tea and citrus to promote lymphatic drainage, and bamboo and lotus flower to nourish and invigorate. The two-hour treatment begins with a Signature Foot Bath, and a neck and shoulder massage. Next, a scrub with Orange Peeling Cream cleanses the skin, followed by a purifying wrap of green tea and citrus fruits. The wrap is rinsed away using the Skeyndor Bath Flower Concentrate. Finally the client is massaged with Holistic Massage Cream, with bamboo extract, lotus flower and water lily to energise the spirit and nourish the skin.
