SPA BODY

Summer saviours

Pink Hibiscus Body Smoother contains ground walnut, papaya extract and a combination of regenerative essential oils. It is ideal for sloughing away dull skin and preparing the body for spray tanning. The Tropical Body Soufflés are available in Coconut, Frangipani and Mango. The creamy, hand-whipped base is enriched with vitamin E and shea butter, and is a great everyday moisturiser, leaving just a hint of tropical fragrance. Body Cocoon contains soothing chamomile and is helpful for extremely sensitive skin and people suffering from psoriasis and eczema.
